"John Anderson My Jo." The following well encorived criticism upon Robert Baras' soog "John Anderson my Jo" and supplementary states were received from a highly esteemed correspondent abortly after the last birthday of the poet, but owing to an ever-

sight have not been published earlier .- Es.] Mr. Editor :- Among the living, heart touching little songs of Scotland's immertal bard. "John Anderson my Jo," has ever been a tavorite with me. What a beautiful wordpainting bath the rustic poot given us therein, of life, in youth and age, flowing on smoothly

and beautifully (like some shining river) in conoutial constancy and happiness. nubial constancy and happiness.

The true, wedded lovers, full of youthful heps, aider and costasy "clam the hill of life thegither," each the more keenly enjoying the pleasures, and the better meeting the trials by the way, from the close and peculiar sympathy, and mutual help of man and wife. Too soon (for such blessedness) the summit is gained; and by and by, slas! the twain made one in the holy rite, and by the uccessing confidence of heart and life, are on the westward slope of the monot, "tottering down, bund in hard, to the fo t." the first ressing piece, in earth, for our worn bodies, in the vale at life's setting sur. "Lovely and pleasant in their lives, and in their death not divided." But with profound admiration for the genius of Burns, I have ever regarded this pathetic little song as incomplete. It seemed to me to need baptism into the Chris tian faith, and to have a ray or two of the Christian's bone of life and immortality infused into it. I have always been opposed to the sudden letting down of the pall of endless sleep and night upon lives so fall of wedden bins and fidelity. Surely, all true levers of earth must live, in sublimated parity and power forever,

beyond the tomb! With these convictors I have ventured to add the lines (herewith seut) to the sceed and last verse of the "John Anderson my Jo" of

John Anderson my Jo, John. When we were first sequent, Your locks were like the raven. Your bonnie brow was brent; But now your brow is bald, John, our looks are like the snaw But blessings on your fresty brow,

John Anderson my Jo. John Anderson my Jo, John. We clam the bill thegither; And mony a craty day, John, We've had wi' ane anither; Now we many totter down, John, But band in band we'll go, And sleep, thegither at the foot, John Arderson my Jo."

When again we wake, John, Frae' slumber in the dust; May we be one in heart and hope. Wi' a' the guid and just; And walk the golden streets, John, Thro' codless, happy days; And only live to love-and sing, Our great Redcemer's praise.

A singular destioy has been that of Miguel

Cervantes.

do Cervantes. The same perverse and malignant fortune which pursued him all through his life, making him who was born the gayest of men, with the sweetest temper and the noblest heart, the most wretched and the worst afil cted-crossing all his sobemes, so that not one prospered to his own well-being-baffling his solive, strenuous, and fertile genius at every ture-beating back his resolute spirit at every step forward, in arms or in letters-interposing between him and hisambition obstacles the strangest and least expected-reducing him at last to a condition so miserable that we blush, not only for Spaio, but for human nature, to think of it. This same blind and mysterious fortune has attended even the great book with which the name of Cervantes is eterosly associated. From its birth to the present day, a'though there is no took which ever schieved so much fame for its author, there is none whose history has been so checkered by strange and bizarre incidents, so that even the biblio graphy of 'Don Quixote' is a romace'. All that Cervantes ever suffered in bis own life-"teil. covy, want, the patron, and the jail"-is refleeted in the career of his book, the mirror and monument of his genius. The reverses, the indignities, the privations, the wrongs, which the author bore with so serene a front from Christian and from Moor, have visited his 'Don Quixote' in at least equal measure and in very similar kind. The book, like the man, has been plundered, tortured, reviled, abused, and persecuted, so that there seemed terreely any insult or injury left for it to endure. For more than two centuries and a half it has been exposed to all manner of ill-usage from native and from foreigner-from publishers, commen tators, critica, plagiaria a. and trapslators. It has been adapted to "the humor of the age" by meny hands in many tongues. It has fornished plays without number at home and abroad. It has been the material of farcer, pantomimes, and ballets. Some have made it a lampoon: others have exaited it into an epic, on a line with the "Hisd" and the "Eneid." It has been expurgated, denounced, questioned, caricatured, subjected to every kind of indignity which a book could suffer, except that of not being read .- Blackwoods Maga-
